Course content:

The main course content is delivered and assessed through five units. The work for Units 1, 2, 3 and 5 is marked by your internal course tutors and moderated or sampled and checked by a member of the Trinity moderators panel at the end of every course. The moderator externally assesses the work for Unit 4.

Unit 1 : Teaching skills, assessed through:

- Tutors' evaluation of six hours of teaching with real learners
- A journal including trainees' own lesson plans, with self- and tutor-evaluation
- A journal covering trainees' reflective comments following observation of four hours of ESOL teaching by experienced teachers

Unit 2 : Language awareness including grammar and phonology, assessed through:

- A test or practical project
- Ongoing use of spoken and written English

Unit 3 : Learner profile, assessed through:

- The preparation of a simple linguistic profile and needs analysis, including some basic phonemic transcription, of a single learner
- The planning of, and reflection on, a one-to-one lesson
- The preparation of recommendations for the learner's future language development

Unit 4 : Materials assignment, assessed through:

- Written rationale for the development of two pieces of teaching material
- Written evaluation of use of these in classroom teaching
- Interview with a Trinity moderator to discuss the above and the ways in which materials development is beneficial to the development of teaching skills

Unit 5 : Unknown language, assessed through:

- A journal covering trainees' reflective comments on four hours' tuition in an unknown language from the point of view of the beginner, including an analysis of the key aspects of methods and classroom management that affect the learner positively and negatively
- Professional awareness and development, are an ongoing theme. Successful trainees must demonstrate an awareness of the needs of other colleagues in the team, teaching and non-teaching, and the value of mutual support in the teaching, learning and training environment.
